PROJECTS

CHATTY | chatty.onrender.com
React, Node.js, Express.js, Socket.io, MongoDB | GitHub
Chatty is a real-time messaging app with text and image sharing, built using the MERN stack and Socket.io for instant communication. It features JWT authentication for security, a responsive React.js UI, and a Node.js/Express.js backend optimized for speed. Messages and media are stored in MongoDB, ensuring scalability. Deployed on Render, Chatty delivers a seamless chat experience.

MUSCULA | muscula.onrender.com
React, Node.js, Express.js, MongoDB, Tailwind CSS | GitHub
Built a MERN stack fitness app that generates random workout plans based on selected muscle groups. Designed a clean UI using React and Tailwind CSS, ensuring seamless user interaction. Deployed on Render for accessibility and scalability.
